Kashi
GO

13g
Protein

Cinnamon
Crisp

Plant Protein & Multigrain Cereals with Whole Grains

100% WHOLE GRAIN

100% WHOLE WHEAT

100% WHOLE OATS

100% WHOLE RYE

Ingredients

3 ounces reduced-fat cream cheese, cut into small pieces
6 Tablespoons unsalted butter, softened and cut into small pieces
3 free-range egg whites
2 teaspoon pure vanilla extract
¼ teaspoon ground nutmeg
1 ½ cups cane sugar
1 cup whole wheat flour
¾ cup quick-cooking rolled oats (not instant)
¾ teaspoon baking soda
1 cup raisins
1 ½ cups Kashi GO® Cinnamon Crisp

Directions

1. Preheat oven to 350° F.
2. In mixing bowl beat cream cheese, butter, egg whites, vanilla and nutmeg on medium speed of electric mixer until combined.
3. In medium bowl lightly crush ¾ cup of the Kashi GO® Cinnamon Crisp cereal. Stir in cane sugar, whole wheat flour, oats and baking soda. Stir into cream cheese mixture. Fold in the remaining 1 cup cereal and raisins.
4. Drop dough by rounded tablespoons onto baking sheet coated with cooking spray. Flatten cookies until ½-inch thick. Bake at 350° F for 15 to 17 minutes or until lightly browned. Transfer to wire rack. Cool completely.

THE VEG EFFECT CALCULATOR™

SEE THE DIFFERENCE YOUR MEALS CAN MAKE

1

meal with meat

swapped for a veggie meal each week.

Imagine what could happen if more people made this swap.

YouWhat a difference we could make!

IF YOU ATE THIS WAY FOR 1 YEAR, YOU COULD MAKE THIS AMAZINGLY EARTH-FRIENDLY ENVIRONMENTAL IMPACT*:

3.6K

GALLONS OF WATER SAVED

That's enough **water for 201 average showers.** Lather, veg, repeat.

184

CAR MILES OF GREENHOUSE GAS EMISSIONS SAVED

That's **6 times the average daily commute.** Are you thinking about traffic now? Sorry.

1.0K

SQUARE FEET OF LAND SAVED

That's like **6 parking spots.** Now imagine if they were all veggie gardens.

*The actual environmental impacts will vary depending on various factors, including the source of the food and other overall dietary choices. Scan the QR Code above to interact with the calculator and view comparison facts.

Thousands are represented in K, millions are represented in M, billions are represented in B and trillions are represented in T.

WELCOME TO LODI FARMS NURSERY!

We've been offering an extensive selection of locally grown trees and plants since 1992. Over the years, the nursery has changed and expanded in many ways in order to offer a larger variety of trees, shrubs and perennials. This year will offer challenges in growing and sourcing hardy and healthy plants for your landscape. We look forward to showing you the results of our hard work reflected in the beautiful 2022 nursery stock.

This catalog represents most, but not all, plant material we have to offer this season. If there are plants you're looking for, please feel free to call us. We may have them at the nursery.

In addition to being plant people, we also offer all the extras that go with helping you grow a beautiful, sustainable and healthy landscape. We also offer bulk soils, mulches, stone and hardscape supplies, as well as turnkey tree planting services. If you have plant questions or need landscaping advice, we are here to assist. We also offer onsite landscape consultation.

— OUR WARRANTY —

We want your plants to be successful and have them add beauty to your landscape. The first year of a plant's life after being added to your landscape is crucial. Plant location based on its needs, watering and proper sunlight are all very important. To partner in your success, we offer a ONE-YEAR warranty on our trees, shrubs, and perennials. This warranty is given as a store credit for the amount you've spent. Once sold and taken from the nursery, plants are not exchangeable or refundable. Sale and clearance plants are not exchangeable or refundable unless otherwise noted. Our staff is knowledgeable, and we will do our best to help you make the right decisions when cultivating your landscape. If you suspect a problem or your plant is having a rough start, please do not hesitate to reach out to us so we can help.

PERENNIALS	30-42
GRASSES & FRUITS	44-46
OTHER PRODUCTS	47

The following icons may be seen next to botanical names.

LEGEND

NATIVE
These plants are both true natives and cultivars of natives. There are several levels of "native" that gardeners like to use when selecting their plants. Generally, native plants thrive in soil, moisture and weather specific to their region.

ATTRACTS HUMMINGBIRDS
Hummingbirds typically like to drink nectar from tubular shaped flowers. Adding these plants to your landscape not only attracts hummingbirds but helps create a friendly and sustainable habitat for them.

ATTRACTS BUTTERFLIES
Butterflies utilize different plants for different stages of their development. Adding some of these plants to your landscape will increase the number of butterflies in your garden. They will also serve as host plants for the butterfly's other life cycles such as egg laying, caterpillars and the pupal/cocoon stage.

DEER TOLERANT
Deer will taste, graze or fully eat any plant if they're hungry enough. Historically there are some varieties of plants deer will leave alone. Texture plays a large role when they select their meals. They will pass on most plants that are extremely fragrant or prickly.

RAIN GARDENS/WET TOLERANT
These plants are great to use for rain gardens, high water tables or low lying areas of your yard that are consistently wet. They can also be a more cost effective and natural solution for drainage issues in your yard.

BOTANICAL INDEX

Our catalog is in alphabetical order by botanical name. Below we listed the "common" plant name with its botanical name to make your plant search easier. If the botanical and the common are the same, we didn't include it in the index.

SHADE, ORNAMENTAL & EVERGREEN TREES	BOTANICAL NAME	COMMON NAME	PAGE(S)
